

## ***AIR DISTRIBUTION SEMINAR GRILLES & DIFFUSERS SELECTIONS & SOLUTIONS***

The success of a good heating, ventilation or air conditioning system largely depends on room air distribution itself. Grilles & Diffusers play a vital role in both the performance and aesthetics of any air distribution system in all buildings.

### **The key topics covered in the seminar:**

- Definition of terms
- Importance of good air distribution
- Air terminal devices
- Selection criteria
- Border & fixings

**Target Audience:** Specifying Consultants, Designers,  
Mechanical Engineers

**Location:** At your premises

**Duration:** 1 hour approx.
